ITEM NO. 4

INFORMATION FOR MEETING OF THE SUPERIOR URBAN RENEWAL AUTHORITY BOARD OF COMMISSIONERS

AGENDA ITEM NAME: Superior Town Center Cost Sharing Agreement

MEETING DATE: October 18, 2013

PRESENTED BY: Matt Magley, Town Manager

Paul Nilles, Finance Director

PRESENTED FOR: Action

BACKGROUND:

This item was continued to tonight's special meeting to allow attorneys of the Town and developer to finalize outstanding issues in the agreement and language. The agreement has been finalized to include terms as directed by the Board, including: no TIF reimbursement of System Development Fees (SDFs) for residential in Planning Area 3 (Spicer/Schuck Properties), clarification of civic space construction, and deletion of references to inflation.

As part of the Superior Town Center (STC) development process, the Town entered into a Public Finance Agreement (PFA) with the STC developer in March, 2013. One part of the PFA was to approve a STC Cost Sharing Agreement at a later date. As identified in the PFA (Section 4.3), the Cost Sharing Agreement was intended to include the following:

- A pledge by the Superior Urban Renewal Authority (SURA) to any STC
 Metropolitan District(s) of the District(s) tax increment financing (TIF) revenue
- An agreement between SURA and the District(s) to deposit the District(s) TIF revenues in a segregated account
- A pledge by SURA to the District(s) and Developer of the property TIF revenue up to the amount necessary to support any bond requirements.
- Procedures for the remittance of TIF revenue to the District(s) and/or Developer to
 pay eligible costs. Upon issuance of bonds by the District(s), payment of bond
 requirements in accordance with bond documents.

The agreement was drafted by the Town Attorney and the Town's Bond Attorney. This is the final agreement needed for the developer to finalize and issue their financing to fund the public improvements for the project. All of the financing will be issued by the developer/Metropolitan District(s) with no liability to the Town except the pledge of TIF revenue for the reimbursement of eligible public improvements. The amount of bonding capacity has already been authorized in the District Service Plans that were approved by the Town on May 13, 2013. The proposed cost sharing agreement includes these aforementioned provisions. Additionally the agreement:

- · Any references to "inflation" have been deleted from the agreement
- SDFs for residential in Planning Area 3 (Spicer/Schuck Properties) are not eligible for reimbursement from TIF revenue. The Districts may use District revenue to fund these fees.
- Includes language clarifying Civic Space/Facilities specifies that there is a developer obligation of \$10 million. \$4 million of the \$10 million total is essentially available immediately if used for public park improvements. If SURA decides to have the developer construct civic space within Block 6 (Town Square) SURA must notify the developer of this decision by September 1, 2014. If SURA decides not to construct civic space in Block 6, SURA may request the developer to construct other civic space or provide funds for construction at any time after the Districts have issued \$50 million in net bond proceeds (which from a timing perspective represents roughly 1/3rd into the development of the Town Center).
- Identifies a procedure for documentation of eligible reimbursable public improvement costs
- Public improvements will be identified and approved by the Town as part of each Final Development Plan
- Requires public improvements to be certified by an independent third party engineer to be determined as an eligible cost
- TIF reimbursement for eligible costs is capped at 75% of actual costs incurred.
 Conversely, the Districts and Developer will fund no less than 25% of eligible
 costs. Maximum eligible costs are not to exceed \$145 million, of which the
 maximum TIF reimbursement is set at \$108,750,000, plus interest expense and up
 to a 1% Administrative Cost (expenses associated with administration of bonds)
- Stipulates that any increase in the Town's property tax rate for the entire Town and implemented after the effective date of the agreement will be excluded from the pledged revenue. Any increases in the Boulder County and School District property tax rates after the effective date are also excluded from the pledged revenue
- Requires all parcels indicated as Town parcels on the approved PD to be dedicated to the Town at no cost
- Requires the Districts to maintain accurate records of receipts and expenditures of the pledged revenue

RECOMMENDED ACTION:

Approve the STC Cost Sharing Agreement.

PROS:

- Specifically identifies a flow of funds of Superior Town Center tax increment financing revenues
- Allows financing to be issued to fund the public improvements
- · Allows the project to proceed

BUDGET IMPLICATIONS:

Actual costs incurred will depend on actual construction costs. There are total public improvement reimbursement caps in place. SURA's reimbursement obligations are exclusively from new/incremental property tax revenues generated by the Superior Town Center.

MOTION:

Move to approve a Resolution approving the STC Cost Sharing Agreement.

WHEREAS, the development of the Property is known as the Superior Town Center Development (the "Project"); and

WHEREAS, on June 12, 1995, the Board of Trustees of the Town (the "Town Board") approved an urban renewal plan (the "SURA Plan"); and

WHEREAS, on August 26, 2013, the Town Board approved the Second Amendment to the SURA Plan implementing the TIF on the Property (the "Second Amendment"); and

WHEREAS, the primary purpose of this Agreement is to establish the terms and conditions under which SURA will collect and apply the "Pledged Revenue" and the "District Property Tax Increment Revenue" (as such terms are defined hereafter).

Section 4. <u>Application of Supplemental Act</u>.

- (a) The Parties agree that (i) this Agreement is a "security" within the meaning of the Supplemental Act because it is a financial contract authorized to be issued by SURA, pursuant to which SURA incurs the SURA Obligation, and (ii) the obligations of the Districts and the Developer set forth herein constitute part of the consideration of the incurrence of the SURA Obligation.
- (b) To the fullest extent permitted by law, SURA hereby elects to apply all of the provisions of the Supplemental Act to this Agreement, and the Parties acknowledge and consent to such election. Pursuant to \$11-57-210, C.R.S., it is hereby recited that this Agreement and the SURA Obligation is incurred pursuant to the Supplemental Act, and such recital shall be conclusive evidence of the validity and the regularity of the execution and delivery of this Agreement after its delivery for value.
- (c) Pursuant to §11-57-212, C.R.S. of the Supplemental Act, no legal or equitable action brought with respect to any legislative acts or proceedings in connection with the authorization of this Agreement or the incurrence of any SURA Obligation hereunder shall be commenced more than 30 days after the authorization of this Agreement.
- (d) The creation, perfection, enforcement, and priority of the pledge of revenues to secure or pay the SURA Obligation provided herein shall be governed by §11-57-208, C.R.S. of the Supplemental Act. The amounts pledged by SURA to the Districts and the Developer shall immediately be subject to the lien of such pledge without any physical delivery, filing, or further act. The lien of each such pledge and the obligation to perform the contractual provisions made herein shall have priority over any or all other obligations and liabilities of SURA, except as may be otherwise provided in the Supplemental Act, in the Authorizing Resolution, or in any other

instrument. Pursuant to §11-57-208, C.R.S., the pledges and liens created by this Agreement are subject to any prior pledges and liens, and SURA hereby covenants and represents that it has not heretofore created any prior pledge or lien on the Pledged Revenue or the District Property Tax Increment Revenue. The lien of the pledge made herein of the Pledged Revenue and the District Property Tax Increment Revenue shall be valid, binding, and enforceable as against all persons having claims of any kind in tort, contract, or otherwise against SURA irrespective of whether such persons have notice of such liens.

Section 5. Confirmation of Bonds.

- (a) Notwithstanding anything herein to the contrary, no Bonds shall be issued prior to the earlier of: (i) December 31, 2013, or (ii) the date of District Execution.
- (b) Not less than 15 Business Days prior to any issuance of any Proposed Bonds, the Designated Representative shall deliver to the Town and SURA a Financing Plan which shall include:
 - (i) a copy of the draft Bond Documents for the Proposed Bonds, which Bond Documents provide that the proceeds of the Proposed Bonds will be used solely for the payment of Eligible Costs or for refinancing Bonds;
 - (ii) if the Proposed Bonds are being issued by any of the Districts, evidence that the Districts will be able to pay not less than the Issuer Share with respect to such Proposed Bonds from the debt service portion of the District Mill Levy and other moneys reasonably anticipated to be available for such purpose, which evidence shall be in form and substance reasonably acceptable to SURA;
 - (iii) if any portion of the Proposed Bonds are being issued by any of the Districts to pay or reimburse any portion of the Planning Area 3 System Development Fees, evidence that the Districts ultimately will be able to pay, solely from the Issuer Share, 100% of the principal of, premium if any, and interest on all portions of Bonds reasonably expected to be issued to pay or reimburse such Planning Area 3 System Development Fees, which evidence shall be in form and substance reasonably acceptable to SURA;
 - (iv) if the Proposed Bonds are being issued by the Developer, evidence that the Developer will be able to pay not less than the Issuer Share of the debt service on such Proposed Bonds, which evidence shall be in form and substance reasonably acceptable to SURA;
 - (v) if any portion of the Proposed Bonds are being issued by the Developer to pay or reimburse any portion of the Planning Area 3 System Development Fees, evidence that the Developer will be able to pay 100% of the principal of, premium if any, and interest on such portion of such Proposed Bonds from the Issuer Share, which evidence shall be in form and substance reasonably acceptable to SURA;

- (vi) an opinion of counsel addressed to SURA to the effect that the Proposed Bonds and the transactions contemplated by the Bond Documents, if consummated, would constitute valid and binding obligations of the issuer, legally enforceable in accordance with their terms, which opinion shall be in form and substance reasonably acceptable to SURA; and
- (vii) unless the Paying Agent has been previously designated, a designation of the Paying Agent, including the name, mailing address, and telephone number of such Paying Agent, and wire transfer instructions.
- (c) The submission of a Financing Plan and confirmation by SURA as provided herein shall be a condition precedent to any Proposed Bonds constituting Bonds hereunder, which confirmation shall not be unreasonably withheld. Notwithstanding the foregoing or anything else herein to the contrary, it is acknowledged by the Parties that certain determinations to be made by SURA pursuant to this Section involve projections of future revenue and future Bond issuances, and SURA's conclusion with respect to the reasonableness and feasibility of such projections shall be conclusive. Draft Bond Documents submitted with any Financing Plan may be completed and corrected as may be reasonably necessary, but shall not be materially changed after submission except with the consent of SURA.
- (d) Upon the written request of the Designated Representative, SURA will confirm in writing whether or not it has determined that, based upon the Financing Plan, the Proposed Bonds will, upon issuance, constitute Bonds hereunder, and if SURA determines that the Proposed Bonds will not constitute Bonds hereunder, it will provide a written statement as to the reasons for such determination. In the absence of manifest error or fraud:
 - (i) a written confirmation from SURA that it has determined the Proposed Bonds will constitute Bonds hereunder shall conclusively establish that such Proposed Bonds will constitute Bonds hereunder upon issuance;
 - (ii) a written confirmation from SURA that it has determined the Proposed Bonds will not constitute Bonds hereunder shall conclusively establish that such Proposed Bonds will not constitute Bonds hereunder upon issuance; provided that such determination shall not prohibit the Parties from making such changes to the Financing Plan as may be necessary in order to qualify such Proposed Bonds as Bonds hereunder; and
 - (iii) if SURA does not respond in writing to the Designated Representative's request for such confirmation within 10 Business Days after SURA's receipt of such request, the Designated Representative may give a second written notice to SURA that it has not so responded to such request, and if SURA has still not responded within 2 Business Days after such second written notice, such non-response shall conclusively establish that such Proposed Bonds will constitute Bonds hereunder upon issuance.

Section 6. Pledged Revenue Fund.

- (a) Upon the date of District Execution and for so long as any TC Pledged Increment is being or will be received by SURA, a SURA Financing Obligation shall be deemed to exist. The SURA Financing Obligation shall be payable solely from and to the extent of the Pledged Revenue, and the Pledged Revenue is hereby pledged to the payment of the SURA Financing Obligation. For so long as the SURA Financing Obligation exists, SURA will not issue or incur or suffer to exist any additional obligations having a lien or encumbrance upon, or payable from the Pledged Revenue. The SURA Financing Obligation is not payable from and does not constitute a lien or encumbrance upon any other moneys or revenues of SURA other than the Pledged Revenue. SURA makes no representation as to the amount of Pledged Revenue that may be produced.
- (b) The Pledged Revenue Fund is hereby created and established as a special fund of SURA for the purpose of paying the SURA Financing Obligation. Beginning on the Effective Date, SURA shall credit all TC Pledged Increment to the Pledged Revenue Fund within 10 Business Days after receipt. Moneys in the Pledged Revenue Fund shall be applied solely to the payment of the SURA Financing Obligation.
- (c) For so long as any Bond is outstanding under the applicable Bond Documents, SURA shall pay to the Paying Agent, in immediately available funds, all moneys held in the Pledged Revenue Fund on or before the last day of every month, less any reasonable costs of such disbursement. SURA shall not be responsible for the use of any moneys paid to the Paying Agent.
- (d) Moneys held in the Pledged Revenue Fund may be invested by SURA in any lawful investment. Any investment income attributable to moneys credited to the Pledged Revenue Fund shall remain in and become part of the Pledged Revenue Fund, and shall constitute Pledged Revenue hereunder. SURA shall not be responsible or liable for any loss suffered in connection with any lawful investment of funds in the Pledged Revenue Fund.
- (e) The District and the Developer agree that all moneys paid to the Paying Agent from the Pledged Revenue Fund shall be used solely for the purpose of paying the principal of, premium if any, and interest on Bonds and any Administrative Costs.
- (f) The issuing District or the Designated Representative shall promptly notify SURA in the event any Bonds are defeased or are no longer outstanding under the applicable Bond Documents.

Section 7. District Revenue Fund.

- (a) The District Revenue Fund is hereby created and established as a special fund of SURA. Beginning on the Effective Date, SURA shall credit all District Property Tax Increment Revenue to the District Revenue Fund within 10 Business Days after receipt.
- (b) For so long as any District Property Tax Increment Revenue is received by SURA, a SURA Tax Obligation shall be deemed to exist. The SURA Tax Obligation shall be

payable solely from and to the extent of the moneys in the District Revenue Fund, and the District Revenue Fund is hereby pledged to the payment of the SURA Tax Obligation. For so long as the SURA Tax Obligation exists, SURA will not issue or incur or suffer to exist any additional obligations having a lien or encumbrance upon, or payable from the District Property Tax Increment Revenue. The SURA Tax Obligation is not payable from and does not constitute a lien or encumbrance upon any other moneys or revenues of SURA other than the moneys in the District Revenue Fund.

- (c) Moneys in the District Revenue Fund shall be disbursed by SURA on or before the last day of every month in such amounts and to such persons or entities as may be designated by the Designated Representative on or before the last day of each month; provided that SURA shall not be required to make disbursements from the District Revenue Fund more frequently than monthly and shall not be required to disburse to more than 5 separate persons or entities. Any costs of such disbursement may be paid from the District Revenue Fund prior to disbursement. In the absence of a contrary direction from the Designated Representative, SURA may, but shall not be required to, distribute moneys in the District Revenue Fund to STC Metropolitan District No. 1.
- (d) Moneys held in the District Revenue Fund may be invested by SURA in any lawful investment. Any investment income attributable to moneys credited to the District Revenue Fund shall remain in and become part of the District Revenue Fund. SURA shall not be responsible or liable for any loss suffered in connection with any lawful investment of funds in the District Revenue Fund.

Section 8. <u>District Mill Levy Covenant; District Repayment Obligation.</u>

- (a) The Parties agree that:
 - (i) it is the intent of the Parties that the total dollar amount of the SURA Financing Obligation not exceed the Maximum SURA Financing Obligation;
 - (ii) the Districts' promise to impose a debt service mill levy as provided in this Section is intended to assure that the total dollar amount of the SURA Financing Obligation will not exceed the Maximum SURA Financing Obligation;
 - (iii) notwithstanding such promise to impose a debt service mill levy, prior to the TIF Expiration Date and the expenditure of all Pledged Revenue, it is not practicable to determine whether the amount of the SURA Financing Obligation does or will exceed the Maximum SURA Financing Obligation, and it is acknowledged that the amount of the SURA Financing Obligation actually paid may in fact exceed the Maximum SURA Financing Obligation; and
 - (iv) the provisions of this Section pertaining to the creation and payment of the District Repayment Obligation are designed to rectify any overpayment of the SURA Financing Obligation.

- The Districts which are expected to impose a mill levy pursuant to the Financing Plan (the "taxing Districts") hereby jointly and severally covenant for the benefit of SURA that for so long as any Bonds issued by any District are outstanding, each year on or before December 15, the taxing Districts will impose a debt service mill levy for collection in the following calendar year in the amount of 50 mills or such lesser mill levy as will produce an amount sufficient, based upon the taxing Districts' then-existing assessed valuations and assuming a 100% collection rate, and when combined with other legally available moneys on hand at the time of the levy and available to pay the Bonds, to pay not less than 25% of the anticipated debt service on such Bonds in the following calendar year, and will apply such mill levy to the payment of such debt service. It is acknowledged by the Parties that the debt service due on Bonds may not be known as of the date of the mill levy due to variable rate structures or other factors, in which case the taxing Districts will make a good faith estimate of such debt service. In order to assure compliance with the foregoing, not less than 5 Business Days prior to imposing such debt service mill levy, the taxing Districts or the Designated Representative will inform SURA in writing of the then-existing assessed valuations of the taxing Districts, the proposed mill levy to be imposed by such taxing Districts, and the estimated debt service due in the following year.
- After the TIF Expiration Date and after all moneys in the Pledged Revenue Fund have been expended, SURA will determine whether it has paid Pledged Revenue in an amount in excess of the Maximum SURA Financing Obligation, and whether such overpayment is in connection with Bonds issued by the Developer or the Districts. In the event that the amount of Pledged Revenue paid is in excess of the Maximum SURA Financing Obligation and such excess is a result of payments on Bonds issued by the Developer, the Developer shall be obligated to repay SURA, in immediately available funds, the amount of such excess. In the event that the amount of Pledged Revenue paid is in excess of the Maximum SURA Financing Obligation and such excess is a result of payments on Bonds issued by any of the Districts, the dollar difference between the Maximum SURA Financing Obligation and the amount of Pledged Revenue actually paid shall constitute the principal amount of the District Repayment Obligation. The District Repayment Obligation shall be a joint and several limited tax general obligation of the Districts to repay such amount to SURA, with interest thereon at the rate of the maximum net effective interest rate (calculated as provided in the Special District Act) on all Bonds issued to that date. For the purpose of paying the principal of and interest on any such District Repayment Obligation, the Districts hereby jointly and severally covenant to cause to be levied on all of the taxable property of the Districts, in addition to all other taxes, direct annual taxes in each year in the amount of the Required Mill Levy, to continue to levy the Required Mill Levy in each year and apply the same to the payment of the District Repayment Obligation until the District Repayment Obligation is fully paid and satisfied. For purposes of this Agreement, the maturity of the District Repayment Obligation shall be deemed to be 40 years after the District Execution, but such maturity shall not diminish the amount of the Required Mill Levy, the intent being that the District Repayment Obligation is a cash-flow obligation which shall be paid from the Required Mill Levy as soon as the revenues from such Required Mill Levy are sufficient to make such payment.

Section 9. <u>Limitations; Reliance Upon Certifications</u>.

- (a) SURA shall not be responsible for the validity or enforceability of any Bonds, for any recital in the Bonds, or for the validity or enforceability of the Bond Documents or of any supplements thereto, or for the sufficiency of the security for the Bonds.
- (b) SURA may rely upon and shall be protected in acting or refraining from acting upon any notice, request, consent, certificate, order, affidavit, letter, telegram, or other paper or document believed to be genuine and correct and to have been signed or sent by the proper person or persons, including without limitation the Designated Representative.

Section 10. Opinion Letters.

- (a) SURA shall, at the request of any Party and at the expense of such requesting Party, deliver an opinion or opinions of counsel with respect to: (i) the validity and enforceability of this Agreement and the SURA Obligation against SURA; (ii) whether the SURA Plan has been duly and validly approved by the Town; and (iii) such other opinions as may be appropriate under the circumstances. Such opinions shall be addressed to the requesting Party, or the requesting Party shall receive a reliance letter from the opining counsel indicating that such opinions may be relied upon by such Party as if addressed to such Party.
- (b) Any of the Districts and the Developer, at the request of SURA and at no cost to SURA, shall deliver to SURA an opinion or opinions of counsel with respect to the validity and enforceability of this Agreement against the Districts or the Developer, as the case may be, and such other opinions as may be appropriate under the circumstances. Such opinions shall be addressed to SURA or SURA shall receive a reliance letter from the opining counsel indicating that such opinion may be relied upon SURA as if addressed to SURA.

Section 11. Records.

- (a) Each of the Districts and the Developer, as applicable, shall maintain accurate records of the receipts and expenditures of the Pledged Revenue, in which complete entries shall be made in accordance with standard principles of accounting, and upon request, the Districts and the Developer shall make such records available for inspection and copying by SURA.
- (b) SURA will keep proper and current books and accounts in which complete and accurate entries shall be made of the TC Increment, the TC Pledged Increment, Pledged Revenue, and District Property Tax Increment Revenue; the amounts deposited into and paid out from the Pledged Revenue Fund and the District Revenue Fund; and any investment income on and credited to the Pledged Revenue Fund and the District Revenue Fund. Subject to any applicable laws preventing disclosure of confidential information, SURA shall make such books and accounts available for inspection and copying by the Districts and the Developer. Within 180 days after the close of each calendar year SURA shall prepare a complete financial statement for such year in reasonable detail covering the above information, certified by a public accountant selected by SURA, and upon request shall furnish a copy of such statement to the Developer and the Districts.

- (c) At the written request of SURA, the District or the Developer, as applicable, shall provide SURA with evidence that the actual expenditure of Bond proceeds was solely for the payment of Eligible Costs, which evidence shall be provided not less than 15 Business Days after such request; provided that neither the District nor the Developer shall be required to respond to any such requests more frequently than once per calendar quarter.
- **Section 12.** <u>Construction of Public Improvements</u>. Developer or the Districts, as appropriate, shall construct and install the Public Improvements with appropriate care and diligence and in a commercially reasonable manner, and in a manner consistent with each FDP and any subsequent site plans as approved by the Town.

Section 13. Warranties.

- SURA represents and warrants that: SURA is a body corporate organized pursuant to the provisions of the Urban Renewal Law, and has duly authorized the execution, delivery, and performance of this Agreement by proper action, which Agreement shall be a legal, valid, and binding obligation of SURA, enforceable against SURA in accordance with its terms; the consummation of the transactions contemplated by this Agreement, to SURA's knowledge, will not violate any provisions of the governing laws or formation documents of SURA or constitute a default or result in a breach of any term or provision of any contract or agreement to which SURA is a party or by which it is bound; there is no litigation or administrative proceeding or investigation pending or, to the knowledge of SURA threatened, seeking to question the power or authority of SURA to enter into or perform this Agreement or any action taken by SURA with respect to this Agreement; SURA has the power to enter into this Agreement and create the SURA Obligation, and to fully perform all of the obligations and undertakings of SURA hereunder; the development plan for the Property is an urban renewal project as contemplated under the Act and this Agreement; and except to the extent disclosed in this Agreement, SURA has not pledged the Pledged Revenue or the District Property Tax Increment Revenue for any other purpose.
- The Developer represents and warrants that: the Developer is a Delaware limited liability company in good standing under the law of the State of Delaware and validly registered as a foreign entity in the State of Colorado; the Developer is not, to its knowledge, in violation of any provisions of its organizational documents or operating agreements, or the laws of the State of Colorado; the Developer has the full power and legal authority to enter into this Agreement and to fully perform all of the obligations and undertakings of the Developer hereunder; neither the execution and delivery of this Agreement nor the compliance by the Developer with any of its terms, covenants or conditions is or shall become a default under any other agreement or contract to which the Developer is a party or by which the Developer is or may be bound. The Developer has taken or performed all requisite acts or actions which may be required by its organizational or operational documents to confirm its authority to execute, deliver, and perform each of its obligations under this Agreement; the consummation of the transactions contemplated by this Agreement will not constitute a default or result in a breach of any term or provision of any contract or agreement to which the Developer is a party or by which it is bound; and there is no litigation or administrative proceeding or investigation pending or, to the knowledge of the Developer threatened, seeking to question the power or authority of the Developer to enter into or perform this Agreement or any action taken by the Developer with respect to this Agreement

- (c) Each District represents and warrants for itself that: the District is a quasimunicipal corporations and political subdivision of the State of Colorado created pursuant to the
 Special District Act; the District is not, to its knowledge, in violation of any provisions of its
 Service Plan or other governing documents, operating agreements, or the laws of the State of
 Colorado; the District has the power and legal right to enter into this Agreement and has duly
 authorized the execution, delivery, and performance of this Agreement by proper action, which
 Agreement is a legal, valid, and binding obligation of the District; and as of the date of issuance
 of the Bonds, the issuing District will be deemed to represent and warrant that it has the
 authorization, authority, and power to carry out all activities associated with the Public
 Improvements and payment of the same with proceeds from the Bonds, and the use by the
 District of the Pledged Revenue and revenue collected from the debt service portion of the
 District Mill Levy for payment of the principal of and interest on the Bonds is permissible
 pursuant to state and federal law and regulations promulgated thereunder, including but not
 limited to the Special District Act.
- **Section 14.** Remedies. Upon a default of this Agreement, the non-defaulting Party's remedies shall be limited to the right to enforce the defaulting Party's obligations hereunder by an action for equitable relief or mandamus, or by an action to collect and enforce payment of sums owing hereunder, and no other remedy, and no Party shall be entitled to or claim any other monetary damages. A default shall not affect SURA's obligation to collect and remit Pledged Revenue in accordance with this Agreement or SURA's obligation to collect and remit the District Property Tax Increment Revenue in accordance with this Agreement.
- **Section 15.** <u>Termination of Public Finance Agreement</u>. On the date of District Execution, the Public Finance Agreement between the Town, SURA, and the Developer dated March 13, 2013 shall terminate.
- Section 16. Civic Space. The Developer shall contribute \$10,000,000 towards the costs of the Civic Space (the "Civic Space Obligation"). At the SURA's sole option, as directed by the Town, this obligation may be met by construction of Civic Space by the Developer. Additionally, to the extent the Developer constructs Civic Space, the cost of such Civic Space shall be credited against the Developer's obligation to contribute \$10,000,000 towards the cost of Civic Space. If as of the date of the SURA's request for funding of the Civic Space Obligation, all of the public park improvements as set forth in line item 15 of Exhibit B have not been constructed, a portion of the Civic Space Obligation equal to the estimated cost of completion of such remaining public park improvements may be retained by the Developer. SURA and the Developer will cooperate to agree upon the cost estimate for the construction of the remaining public park improvements. SURA and the Developer shall cooperate to coordinate the timing of construction of the Civic Space. Neither the Town nor SURA shall be required to advance funds for the Civic Space costs, other than as otherwise set forth in this Agreement. If SURA, as directed by the Town, elects to require that the Developer construct Civic Space within Block 6 of the Project, SURA must so notify the Developer no later than September 1, 2014. If SURA does not so elect, SURA may request that the Developer construct other Civic Space or provide funds for the construction of Civic Space, at any time after the Districts have issued an aggregate total of \$50,000,000 in net bond proceeds. In such event, SURA shall provide the Developer at least 120 days' notice of the date upon which Civic Space funds will be required. Such notice

shall contain the amount payable to SURA, a description of the associated Civic Space improvements SURA intends to construct, the date the funds shall be paid, to whom the payment shall be made, and any other information reasonably required to demonstrate that the funds will be spent on Eligible Costs. If the Developer will be constructing the Civic Space, the Developer and SURA shall coordinate construction activity in a mutually agreeable manner.

- **Section 17.** <u>Amendments</u>. This Agreement may be modified, amended, or changed, in whole or in part, only by an agreement in writing duly authorized and executed by the Parties with the same formality as this Agreement.
- **Section 18.** No Third Party Beneficiaries. Nothing in this Agreement expressed or implied is intended or shall be construed to confer upon, or to give to, any person other than the Parties any right, remedy, or claim under or by reason of this Agreement or any covenant, condition, or stipulation hereof; and all the covenants, stipulations, promises, and agreements in this Agreement by and on behalf of any Party shall be for the sole and exclusive benefit of the Parties. It is the intent of the Parties hereto that there shall be no third party beneficiaries of this Agreement.
- Section 19. Assignment. SURA hereby consents to: (i) the assignment by the Developer and the Districts of all or any part of the Developer's and the Districts' right, title, and interest in this Agreement to any Paying Agent with respect to any Bonds, including without limitation assignment of the District's or the Developer's rights to enforce this Agreement; and (ii) the assignment by the Developer of its right, title, interest, and obligations under this Agreement to a corporate entity related to or affiliated with the Developer. No further assignment of this Agreement, nor any Party's rights, obligations, duties, or authorities hereunder, in whole or in part, may be made without the prior written consent of the other Parties, and any purported assignment otherwise shall be void and of no force and effect. Consent to one assignment shall not be deemed to be consent to any subsequent assignment, nor the waiver of any right to consent to such subsequent assignment.
- **Section 20.** <u>Waiver</u>. All waivers of this Agreement must be made in writing and signed by the appropriate authorities of the Parties. A waiver of any term or provision shall not be construed as a waiver of any other term or provision.
- **Section 21.** <u>No Joint Venture</u>. Notwithstanding any language in this Agreement or any other agreement, representation, or warranty to the contrary, the Parties shall not be deemed partners or joint venturers.

Section 22. No Personal Obligations.

(a) Pursuant to §11-57-209 of the Supplemental Act, if a member of the governing body of SURA, or any officer or agent of SURA acts in good faith, no civil recourse shall be available against such member, officer, or agent for payment of the obligations created hereby. Such recourse shall not be available either directly or indirectly through the governing body or SURA, or otherwise, whether by virtue of any constitution, statute, rule of law, enforcement of penalty, or otherwise. By the acceptance of this Agreement and as a part of the consideration of this Agreement, the District and Developer specifically waive any such recourse.

(b) No stipulation, obligation, or agreement contained in this Agreement will be deemed to be a stipulation, obligation, or agreement of any commissioner, officer, agent, attorney, or employee of SURA, Developer, or the Districts that performs services for or on behalf of SURA, Developer or the Districts, in his or her individual capacity, and no such person will be personally liable on the Bonds or with respect to the obligations created herein or be subject to personal liability or accountability by reason of the issuance of such Bonds.

To Cost Sharing Agreement

Procedures For Documenting Eligible Costs

- 1. Eligible Costs shall be documented by the issuing District or Developer, as applicable, and approved by an independent third party engineer mutually selected by the District and SURA (the "Independent Engineer").
- 2. The District or Developer, as applicable, shall submit to the Independent Engineer:
 - a. An itemized statement of Eligible Costs for which the District or Developer, as applicable, seeks approval and a certification the information contained therein is true and accurate and conforms with the requirements of this Agreement, the PD Plan, the Development Agreement, and the applicable FDP;
 - b. Copies of backup documentation supporting the cost items, including bills, statements, pay request forms and lien waivers, approved by the Designated Representative responsible for reviewing, approving, and paying such items; and
 - c. Copies of each check issued by the District or Developer for each item listed on the statement.
- 3. Except as providing in Section 8 herein, Eligible Costs shall not include advance payments of any kind for unperformed work or materials not delivered and stored on the Property. Each application for reimbursement shall be for work actually completed and certified as such by the Independent Engineer and the representative of the District or Developer, as applicable, responsible for reviewing contractor payment requests on behalf of such Party.
- 4. The Independent Engineer shall verify that the work represented in each payment request is complete and consistent with all applicable law, this Agreement, the PD Plan, the Development Agreement and the applicable FDP. The Independent Engineer shall also verify that the Eligible Costs are reasonable as compared to other similar projects in the Denver Metropolitan Area.
- 5. The Independent Engineer shall review and either approve or object to the Eligible Costs within fifteen (15) calendar days of receipt of a payment request. The issuing District or the Developer, as applicable, shall receive notice of all decisions of the Independent Engineer and sign the certification. The certification shall state that the information contained therein is true and accurate to the best of each individual's information and belief and, to the best knowledge of such individual, qualifies as Eligible Costs. The District or Developer, as applicable, will promptly forward the certification to SURA.

- 6. Within fifteen (15) days of a decision of the Independent Engineer, SURA and the Party requesting the decision shall have a right to object to such decision. Upon receipt of an objection, the objecting Party shall have a right to discuss, provide additional information and attempt to reach an agreement with the Independent Engineer and the non-objecting Party regarding the objection.
- 7. Upon receipt of the all required documentation and after rendering a final decision, the Independent Engineer shall allocate the Eligible Costs and compile an aggregate running total of the Eligible Costs in each category. The Independent Engineer shall provide a copy of such documentation to the issuing District or Developer, as applicable, and SURA within thirty (30) days of each update.
- 8. Notwithstanding Section 3 herein, in the event that an issuing District determines to utilize a portion of Bond proceeds to provide the Public Improvements in advance of expenditures thereon, the Designated Representative shall provide SURA notice of the use of such funds for Eligible Costs in the Financing Plan and the District shall be authorized to receive and utilize Bond proceeds for such purposes. Upon completion of the Public Improvements, the issuing District shall provide SURA with a certification of Eligible Costs in accordance with the procedure established in Sections 1 through 7 above.
