SUPERIOR/MCCASLIN INTERCHANGE METROPOLITAN DISTRICT

Description

On November 7, 2000, voters in the Town of Superior approved the taxing authority, bonding capacity and financial framework for the Superior/McCaslin Interchange Metropolitan District (SMID), which was created to fund improvements to the McCaslin Boulevard/U.S. 36 interchange and surrounding area. The District consists of most of the commercial, retail and office property southwest of the interchange and the Discovery Office Park. Property tax from these developments and a Town-wide .16% sales tax (through 2022) will be used toward interchange improvements and maintenance of these improvements.

The Town of Superior and City of Louisville entered an intergovernmental agreement to jointly fund the interchange improvements. Phase I improvements (construction of a new Southwest loop, funded exclusively through Superior/SMID and a Federal Government grant) was completed in 2005. Phase II improvements, consisting primarily of a Diverging Diamond Interchange reconstruction, were substantially complete in 2015.

The Town of Superior uses property tax revenues from SMID to fund a portion of interchange improvements and maintenance. Property tax revenues are generated from a 22.17 mill levy on properties within SMID (this property tax rate is down over 36% since 2012). In 2003, a new Town-wide sales tax of 0.16% further increased revenue to this fund. This sales tax is scheduled to expire at the end of 2022.

The District is also responsible for maintaining public improvements including roads, landscaping, drainage ponds, and common areas.
