The Marshall Fire deposited fire-related debris into the Town's terminal water reservoir. As part of emergency response after the fire to remove smoky taste and odor compounds from the drinking water, a granular activated carbon (GAC) system was installed at the water treatment plant. The tanks were installed outdoors due to the emergency response timeline but require a building to prevent freezing of the pipes, fittings, and miscellaneous appurtenances. The proposed building to be installed around the GAC system is a prefabricated insulated membrane structure manufactured by Sprung Structures.	2450

23SUP-00066	01/31/2023		857 Eldorado Drive, Superior, CO 80027	Dumpster Permit	Marrick Industries, LLC dba Elite Construction	(720) 446-9633	We are currently working on the exterior of the 3 houses to install fencing. Materials will be loaded into the driveway for a few days until the weather permits install. We are aware the dumpster has ben dropped but we have been working with Alex waiting for a response when we were directed to apply on line. Fencing should only take 4 days and the dumpster will be removed until the interior renovations resume. We will be able to locate dumpster in driveway at that point.
